

The Crayon Name Frame is made by combining two design files with the font of your choice. Select a Crayon Tip (part A) and a Crayon End (part B) in the same size as the font you want to use. In your embroidery editing software use alignment tools to align the centers of the crayon parts and lettering.

Each part of the design has two colors:

Crayon Tip

Step 1 is crayon color

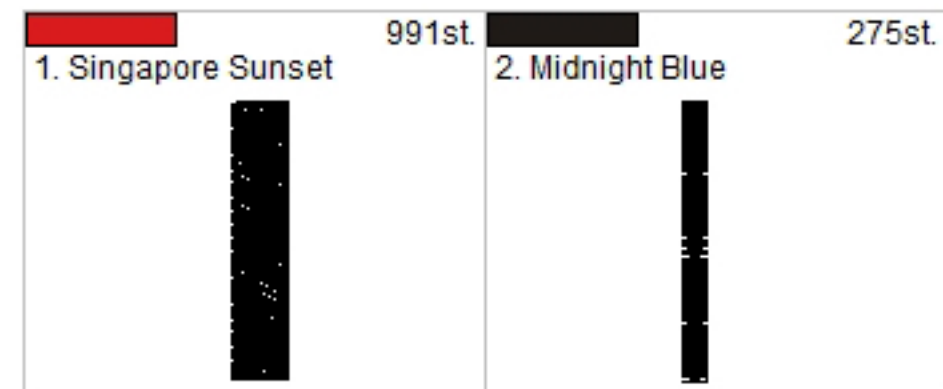

Step 2 is black accent line

Crayon End

Step 1 is crayon color

Step 2 is black accent line

11 sizes are included (0.5", 0.75", 1", 1.25", 1.5", 1.75", 2", 2.25", 2.5", 3" and 3.5")
